**PracticeOne Named a 2008 KLAS Category Leader**

Tuesday, January 13, 2009 1:45 pm ET

SOMERSET, NJ--(MARKET WIRE)--Jan 13, 2009 -- [PracticeOne](#) is pleased to announce that the company's e-Medsys PM product has been named a KLAS Category Leader in a Practice Management category in the recently published 2008 Top 20 Best in KLAS Awards report. The Company is especially proud to receive this distinction, since criteria for receiving it is derived solely through actual client surveys -- not subjectively by third party assessors.

Steve Curd, CEO of PracticeOne, remarked, "We are honored to have been cited by KLAS. This represents PracticeOne's first such recognition from KLAS, and we look forward to receiving others in 2009 as our clients continue to complete their KLAS surveys."

Mr. Curd went on to note, "Our entire e-Medsys Solutions Suite represents healthcare automation at its finest, from the CCHIT Certified(TM) [e-Medsys EHR](#), to the comprehensive [e-Medsys PM](#), to the dynamic, patient-oriented [e-Medsys Patient Access Portal](#). Each one is designed for clinical relevance, maximum efficiency, practice ROI, and user friendliness."

"A portion of the KLAS survey is also company related. Of course, we are proud of our Implementation, Training, Product Development and Support Departments for helping to maintain our extraordinarily high level of client satisfaction," said Mr. Curd.

For more information on PracticeOne and our e-Medsys Solutions Suite, please call 877-363-3797, Extension 2922 or visit us at [www.practiceone.com](http://www.practiceone.com).

About PracticeOne, LLC ([www.practiceone.com](http://www.practiceone.com)): PracticeOne is an innovative provider of clinical and practice management technical solutions to the providers of medical care. These solutions include [e-Medsys EHR](#), [e-Medsys PM](#), and the Company's own [e-Medsys Patient Access Portal](#). e-Medsys systems can be available as Client Server or ASP / SaaS (depending upon the practice's preference). A single database is shared for a truly unified solution. PracticeOne provides timely Implementation, excellent Training and ongoing Support (which always includes software updates).
