Cardiovascular Consultants Medical Group Selects e-Medsys® EHR from PracticeOne

Leading West Coast Cardiology Practice has been a PracticeOne Customer for more than Three Decades

Piscataway, NJ--July 27, 2009 -- PracticeOne, a leading developer of healthcare information technology to medical practices, has announced that Cardiovascular Consultants Medical Group (CCMG) of Los Angeles, California, has adopted its e-Medsys Electronic Health Records (EHR) solution. CCMG has utilized PracticeOne solutions for more than 30 years, having implemented a Practice Management (PM) solution from Westland Medical Systems (a PracticeOne predecessor company) in 1978.

With a staff of 13 full time physicians and 4 nurse practitioners and 5 office locations in the Los Angeles area, CCMG is one of the premier cardiovascular care physician groups on the West Coast. CCMG specializes in consultative and interventional cardiology including cardiac electrophysiology and also offers accredited echocardiography laboratory services.

PracticeOne serves practices nationwide, offering its e-Medsys suite of applications including EHR, PM, Patient Access Portal and Electronic Prescribing (E-Rx) to medical offices of all specialties. e-Medsys solutions are fully certified and award-winning and can be deployed in client/server or ASP/SaaS configurations.

"We are very excited that Cardiovascular Consultants Medical Group, one of the most highly regarded Cardiology practices on the west coast, has chosen our e-Medsys EHR. We look forward to our continuing association with CCMG as their trusted Healthcare Information Technology Partner." said Hank Cohn, President of PracticeOne.

"We have worked with PracticeOne for years and have come to depend not only on their software but on their technical support and expertise." Said Dr. Matthew Schwinger, Physician Partner of CCMG. "So it made sense to go with their e-Medsys EHR as we move to the next stage of automating our practice."

Practice Administrator Kelli Nicholas adds that "With the help of our talented IT specialists, Jepson Technology, we expect the transition to Practice One's EHR to be a smooth one. We are ready to be part of the 21st century."
