PracticeOne and TIPAAA Partner to Present World Class Automation Solutions to TIPAAA Membership

[PracticeOne](http://www.practiceone.com) LLC, a leading provider of automation solutions to medical practices of multiple sizes and specialties has been selected by The IPA Association of America ([TIPAAA](http://www.tipaaa.com)) as a vendor of choice for TIPAAA members to review regarding automation solutions for their practices.

TIPAAA, with a membership of more than 300,000 physicians comprised of several hundred IPA's, is a premier national IPA organization.

Al Holloway, President and CEO of TIPAAA stated that "We are pleased to present and recommend PracticeOne and their [e-Medsys Solutions Suite](#) to TIPAAA's membership. e-Medsys represents a full service solution for EHR, PM and [Patient Access Portal](#). What really impressed me is not only the robustness of the-Medsys Solutions Suite and how easy it is to learn and use, but the system's versatility is remarkable...how it can be provided as Client Server or ASP or by Remote Data Entry or through PracticeOne's Revenue Cycle Management Services for practices that prefer outsourced billing. We expect that most of our membership will opt for the ASP model, but the fact that this type of versatility exists is noteworthy, and speaks volumes about the product."

PracticeOne's CEO, Hank Cohn, is equally as pleased that PracticeOne has been chosen by TIPAAA. "To have been selected by TIPAAA as a recommended source of practice automation is something for which we are grateful. We know our products are tried and true, with our [e-Medsys EHR Version 5.0 being 2007 CCHIT CertifiedSM](#), and with our [e-Medsys PM](#) system now up to Version 20.1. But being selected by TIPAAA really validates how we have always felt about our products and company."

Contact PracticeOne at 877-363-3797, Extension 2922 for more information on our e-Medsys Solutions Suite and TIPAAA.

About PracticeOne (www.practiceone.com): The company is a national provider of automation solutions to the healthcare industry. The e-Medsys Solutions Suite consists of e-Medsys EHR, e-Medsys PM and e-Medsys Patient Access Portal (all sharing a single database) and is excellent for multiple specialties and practices of any size. Systems are *inclusive* of features such as appointment scheduling, collections, reports, E / M Coder, e-RX, Health Watcher for health maintenance, and more. The company provides excellent implementation, training and ongoing support which always includes updates. Thousands of providers nationally rely on solutions from PracticeOne.

About TIPAAA (www.tipaaa.com): The IPA Association of America (TIPAAA) is the leading trade association serving Independent / Integrated Physician Associations (IPAs). Founded in 1994 in Oakland, California, TIPAAA provides a wide range of products, services, and educational programs designed to help IPAs operate effectively and successfully in managed care. The association has nearly 900 organization members, chapters in 39 states (with more in development), and represents more than 300,000 U.S. physicians affiliated with IPAs.
